

Day 1	Day 2	Day 3
	Digestive System	Integumentary System
Introduction	Endoscopic procedures	Debridement
Pre-Test - Questions Review	GI dilation	Excision of benign lesions
	Intestinal procedures	Excision of malignant lesions
ICD-9 Coding Fundamentals	ERCP	Wound repair
Using the Index	PEG tubes	Grafts and flaps
Coding 4rth and 5th digits	EGD	Treatment of burns
Multiple coding techniques	Op Reports - 4 and expl	Destruction of lesions
Utilizing V & E codes		Breast Procedures
Neoplasm & Drug tables	Female Reproductive System	Op Reports - 4 and explanations
All major disease groups	Contraception management	
Test Questions - 30	Laparoscopy, hysteroscopy	Cardiovascular System
	Hysterectomies	Diagnostic services
CPT Coding Fundamentals	Maternity care & delivery	Cardiac graphics
General rules for CPT Coding	Op Reports 2	ECG's & rhythm strips
Organization of the CPT book		Holter monitors
The index & cross-references	Urinary System	Exercise stress tests
Surgical package	Kidney Procedures	Echocardiography
Bundling rules	Bladder Procedures	Cardiac catheterization
Add-on Codes	Ureter versus Urethra	PCTA
Surgical Modifiers	Biopsies	CABG (Bypass grafts)
	Op Reports 2	Pacemakers
HCPCS Coding		Implantable infusion pumps
Format of the HCPCS book	Musculoskeletal System	Op Reports - 4 and expl
The "Table of Drugs"	Wound exploration	
Coding for supplies	Fracture management	Eyes
	Arthroscopic procedures	Cataract removal
Modifiers	Bone grafting	Keratoplasty
Defining CPT modifiers	Arthrodesis	Corneal transplants
Techniques for proper usage	Spinal instrumentation	Strabismus surgery
Practical examples	Op Reports - 4 and explanations	Op Reports - 4 and explan
CPT / HCPCS / MOD Questions - 20		
	Nervous System	Ears
Evaluation & Management	Function of the nerves	External/Middle/Inner
E & M Terminology	Pain management	Myringotomy
E & M Components	Laminectomy/laminotomy	Tympanostomy
Determining level of service	Spinal procedures	Op Reports - 4 and explan
Description of E & M services	Op Reports - 4 and explanations	Respiratory System
E & M Questions - 20		Nose & sinus procedures
	Radiology	Bronchoscopy procedures
Anesthesia	Diagnostic Radiology	Thoracotomy/thoracoscopy
Calculating units for billing	Technical Component	Op Reports - 4 and explanations
Special anesthesia modifiers	Professional Component	
Qualifying circumstances	Ultrasounds	Medicine
Obstetrical anesthesia	Radiation oncology	Psychiatry
Test Questions - 10	Nuclear medicine	Vaccines
	Test Questions - 10	Infusions
Pathology/ Laboratory	Male Reproductive System	Test Questions - 10
Organ & disease panels	Coding guidelines	
Chemistry	Laparoscopy guidelines	Practice Management Overview
Surgical pathology	Prostate procedures	Test Questions - 20
Test Questions - 20	Op Reports 2
